

A Rose bud Miracle

I will tell you of a miracle that happened in my life.

About a year ago, a family came and settled in our neighbourhood from abroad. They became our close family friends and would often come home to visit us.

I like flowers a lot and one day, I asked Uncle if he would bring me a rose stem from his garden. And I was so surprised a few days later when he brought me so many flowering plants, including a rose bush. We planted them and they began to grow well.

Sadly, Uncle passed away all of a sudden. Exactly one month after his death, I saw a bud on the rose bush and it blossomed into a beautiful rose. After that, there were no roses for a very long time. Some months later, as my father and I were in the garden by the rose bush, I simply said that if Uncle was in heaven, please would the rose bush give us another flower. We couldn't believe our eyes when the very next day, there was a rose bud on the plant!

This showed me that if we ask God for anything with faith, God will grant it to us – even miracles! .

**IF WE ASK GOD
FOR ANYTHING
WITH FAITH,
GOD WILL GRANT
IT TO US –
EVEN MIRACLES!**
